The British Open began in 1922 (women) and 1930 (men) but despite the 'British' name, it wasn't until 1995 that it moved out of England. Then, for three years under Leekes sponsorship it was held in Cardiff, Wales. The first year saw two showcourts being erected in the Cardiff International Arena. In a time when cigarette companies could sponsor sports, and athletic ones at that, Benson & Hedges sponsored the men's British Open from 1972 to 1975. Here is their information provided in the 1972 event programme. [British Open Squash - from SquashSiteEngland SquashPSA Squash](#)
[Tour](#)

THE BENSON & HEDGES OPEN SQUASH CHAMPIONSHIP

Official Programme No.

Benson & Hedges, a name renowned for quality, are sponsoring the British Open and British Amateur Championships this season. The support of the two major competitions in the S.R.A. calendar follows the successful Benson & Hedges Round-Robin tournament with Jonah Barrington's triumph which was played in December and January, 1970/71. Both competitions are carrying the sponsor's name and the game now has the Benson & Hedges Amateur Championship and the Benson & Hedges Open Championship.

The company also supports the training of the British squash team by donating £1,000 which enabled the S.R.A. to employ the services of Jonah Barrington prior to the International Championships in New Zealand.

Benson & Hedges are providing £4,000 for the British Open of which £2,000 has been set aside for hotel expenses to encourage the top overseas players to enter. The prize structure, based on a budget of £1,000, provides a first prize of £500, a great improvement on the £100 paid to the winner last year. Benson & Hedges are also giving a new trophy for the winner.

Happy marriage

The £2,000 Benson & Hedges sponsorship for the Amateur Championship is being used mainly towards hotel expenses to encourage the top overseas players to compete. The prize structure has been agreed within the S.R.A. limit of £50.

A successful sports sponsorship is a happy marriage of interests. The game benefits by the injection of financial support, and the sponsor, in return, wins goodwill and greater public recognition. Benson & Hedges are sure that this new alliance will prove to be a productive union on both sides. They are very glad to be associated with Britain's fastest-growing game, they do not seek to interfere in any way with its organisation or control, and they wish it great success in the years ahead.

Ten years ago today (17 May 2015), Camille Serme became the first French woman to win the British Open, beating Laura Massaro (ENG) 3-1 in the final. She also became the first female from her country to win the US Open title the following year. [Camille SERMEFFSquash - Fédération Française de SquashPSA Squash TourBritish Open Squash - from SquashSite](#)

A professional squash player, Camille Serme, is captured in a dynamic pose during a match. She is wearing a black sleeveless top and blue shorts, leaning forward with her right arm extended to hit the ball with her racket. Her opponent, Laura Massaro, is visible in the background, wearing a white tank top and black shorts, also in a ready position. The court is dark with blue boundary lines, and a large audience is seated in the background.

Heather McKay won sixteen and Jahangir Khan ten consecutive British Open titles during their careers. A look at the points they lost during their matches gives an indication of the level of their dominance. All matches were played HiHo, and in 1968 McKay dropped a mere three points over five matches; and once she got into her stride very few generally each year (and only two games in total).

It is perhaps indicative of the greater extent of the men's opposition that Jahangir lost more games and points annually.

30 years ago an infamous incident occurred at the British Open 1994, captured by photographer Steve Line. At Lambs Club in London, Australian Anthony Hill continually riled up opponent Mir Zaman Gul in an acrimonious 1st round match, eventually causing the Pakistani to crack, face-up and lightly head-butt Hill. Hill dropped to the floor, clutching his face.

Hill admitted, 'He did not really hurt me. I've had worse than that from my mother, but I just could not believe he had done it. I fell over thinking: 'I'll just sit here for a while and I'll get the match.' He was right, he was awarded it.

The incident which made headlines beyond the squash media led to Gul banned for four months and fined £1,500. Hill was fined £100 for throwing the ball at Gul. In addition the English SRA fined him a further £500 and banned him from the 1995 British Open. [British Open Squash - from SquashSite](#)

When the Men's British Open was played in December 1962 at the Lansdowne Club in London a qualification event was held for the very first time. Here is why the SRA decided to do so, with the full Library history of the Championship at www.squashlibrary.info/british-open. [Squash - PSA World Tour](#) [British Open Squash - from SquashSite](#)

The Championships Committee bearing in mind that the Open Championship represents the highest standard of play probably in any competition has decided to revert to the custom of limiting the championship proper to 16 players.

Any entries in excess of this number considered by the committee worthy of selection are required to qualify in an eliminating competition played a couple of days before the championships in the same courts.

When Egypt's Amr Bey won the first of his five British Open titles in 1932 (beating Donald Butcher 2/0 in the challenge - (men's knockouts draws began in 1947), the Squash Rackets, Fives, Tennis & Rackets magazine predicted quite rightly that he would win more: **Egyptian Squash Federation - الاتحاد المصري للإسكواش**

Nobody can begrudge Amr Bey his victory; it was won by the finest play that has yet been seen, and it is difficult to see how he can humanly improve upon it. There seems no particular reason why Amr Bey should meet with defeat for many years to come, while it is quite certain that if he does, his conqueror must play brilliantly enough to defeat him in three games, for surely no one else will be able to set so fast a pace for five.

On this day (21 Dec) in 1966, Jonah Barrington his first British Open title at the Lansdowne Club in London. The event was the first where the final was contested by two amateur players, was a complete sell-out, and in another first the semis and final were filmed from a glass panel in the court door, and from a camera above the front wall. Barrington had beaten Egyptian holder Abdelfattah Aboutaleb in the quarters (Abou's first defeat in UK after losing to Mohibullah Khan in the 1962 final), and Ibrahim Amin in the semis. His opponent was to be Aftab Jawaid, who beat fellow Pakistani Mohammed Yasin 3-2 in their last-four match. The final was a 53 minute encounter with a 9-2 6-9 9-2 9-2, the first of six British Open wins for Barrington. **Jonah BarringtonBritish Open Squash - from SquashSiteSquash - PSA World Tour**

The British Open - for much its history considered squash's World Championship - celebrates its centenary today. Library research at www.squashlibrary.info/british-open has revealed that the first Women's British Open began on 7 February 1922 - exactly 100 years ago.

The Women's event preceded the Men's championship, which began eight years later in 1930 - the men playing on a challenge basis until 1947.

Until now, for the first few decades, actual dates have not been listed for British Open editions, and as they often denoted the year of the start of the British squash season (which ran from September to April), many were simply incorrect. Events were often held both before and after the New Year - so, in some years there were two events and in others none at all!

The page details the dates, venues, winners, programme scans and champions posters as a new Library reference resource for our sport. [England SquashSquash - PSA World Tour](#)

A branch of squash celebrated its first British Open this year. On 16/17 October the Hallamshire Club in Sheffield hosted the Squash 57 (formerly Racketball) British Open.

The first Men's winner was ten times National Champion Tim Vail (right) who prevailed over Hallamshire's Nick Matthew – the three times British Open Squash champion unable to add a 57 crown; while current World number five Sarah-Jane Perry took her first 57 title. [England Squash](#)

As squash events moved from glass-backs to all-round viewing there was a brief stage where buildable glass back courts were used. The first major event to do this was the March 1980 British Open, with final rounds played on the stage of the Wembley Conference Centre. (After that year the event moved away before returning in 1984 with a showcourt with seating all found it).

Promoter Mike Palmer of Multisquash needed to show what this new staging concept would look like. In his words, 'To give the media – and the public – a greater understanding of what was happening, I commissioned a commercial artist to produce an illustration. This was then photographed and photos sent out with press releases'.

This picture is an example of 'squash art', as opposed to cartoons and the like. If there are others out there the Library would love to create a gallery of them so that they can be viewed and preserved.

In 1981 when Jahangir Khan was aged 17, six times British Open champion Jonah Barrington made this prediction, 'Jahangir Khan will become the best player of all time'. Ten British Open titles later (and six World Open wins too), nobody can argue that the Pakistani is right up there. A profile by journalist Dicky Rutnagur quotes another legend Geoff Hunt – who won eight British Open titles himself – who said 'They used to call me the best player ever at my age, but Jahangir is something special, much better than I was at seventeen'. Immediately after the Men's British Open ceased to be played on a 'challenge' basis (<https://www.squashlibrary.info/.../men-s-british-open-the-...>), from 1948 until 1958 the Lansdowne Club in central London hosted the event using its' Bruce Court, pic. But for two years the event moved to another central London venue, the RAC Club because it was reported that 'the British SRA failed to agree financial matters with the club'. But after two years the event moved back to the Lansdowne due to RAC court repairs taking longer than anticipated.

From 1969 the Championships moved to glassback wall venues – initially Abbeydale (Sheffield) and Edgbaston Priory (Birmingham), before Wembley Squash Centre came on stream in 1975. [England Squash](#)

On 23 April 1990 at the Wembley Conference Centre in North West London, Pakistani star Jahangir Khan won his ninth British Open title. He would go on to win a tenth consecutive one the following year, but this one was significant.

The ninth took him past Australian Geoff Hunt's eight and into the record books as the holder of the most Men's British Open titles.

His father Roshan, winner of the title himself in 1957 and runner up twice, was in London to see him complete the feat (photo: Steve Line).

On 6 April 1994 at Lambs Club in London during the 1st round of the British Open, Australian Anthony Hill was leading 9/3, 3/9, 3/9, 9/2, 7/0 when opponent Mir Zaman Gul head-butted him and was disqualified.

The match had been acrimonious, with Hill baiting his opponent, including throwing a ball at Gul, before the Pakistani player snapped, stood eye to eye with his opponent and then bent forward to lock foreheads.

Hill reported that 'I have had worse than that from my mother' but made a meal of it, going down. The outcome was a four month ban and GBP1,500 fine was the outcome for Gul, with Hill receiving a GBP100 one for the ball throw.

The incident drew wide attention, being captured by squash photographer Steve Line.

Hashim & Azam Khan were not the first siblings to contest a British Open final. Sisters Nancy & Joyce Cave played the first one in 1922 (won by Joyce), and a further three were played between themselves. One or both sisters were in the first eleven Women's British Open Finals (1922 – 1932), each winning three. Nancy, the older by six years, was also runner up six times, while Joyce managed three losing finalist slots.

They, and oldest sister Marjorie who played once too, were coached by their father Harold Cave, a rackets player, on an oversized court at their home.

From when the Women's British Open began in 1920 until Australian Heather McKay (Blundell) won her first title in 1962, beating Fran Marshall 9/6 9/5 9/4, no player from outside England had reached a final.

British Lawn Tennis Magazine commented after the 1962 final, 'How good is Miss Blundell? The answer is of course is that she is not yet as good as she will be when experience is added to her already strong capabilities. Given time in which to perfect her drop shot and side wall play.' Sixteen unbeaten years later it seems she did!
