In the Chinese City of Dalian the world's best women will keenly demonstrate the strength, skill, athleticism and stamina to the highest level to be part of the WSF Women's World Team Championship.

As we hope that our dream of a place on the programme for the Olympic Games in Paris in 2024 can be realised in the next two years as the nomination process is made and the final vote taken, we know that we offer something special. We are a sport played around the world, one that embraces innovation, gender equality and everything else that the IOC expect when assessing against their own Agenda2020.

However, we know from past experience that the battle to get into the Games is a difficult one. All I can assure you is that we will fight our hardest for you, the athletes.

We are very grateful to Dalian Squash in partnership with Chinese Squash Association for tendering to hold the Championship here, and for the vision of Mr Wang that started the process.

I am sure that you will have a superbly hospitable and well organised week, and we thank everybody involved. Staff and volunteers, sponsors and partners, along with referees, media and every other person, authority and organisation that has made this World Championship possible.

Enjoy the squash, enjoy Dalian, enjoy China!

## ABOUT DALIAN & CHAMPIONSHIP

These are an extract from the current WSF Regulations. A full copy can be found on the website <http://www.worldsquash.org/ws/world-championship-regulations-2>

### DEFINITION

Ties are between opposing teams. Matches are between individual players.

### FINAL ORDER OF TEAMS (REGULATION P)

When teams play one another in a Pool, the final order of merit in that Pool is decided based on all results in that Pool, as follows:

- First by greater number of Ties won
- If two teams still equal, then by the result between the teams
- If three or more teams have won the same number of Ties, then by the greater number of matches won
- If two teams still equal, then by the result between the two teams
- If three or more teams still equal, then by greater positive difference between games won and lost
- If two teams still equal, then by the result between the two teams
- If three or more teams still equal, then by greater positive difference between points won and lost
- If two teams still equal, then by the result between the two teams
- Finally, if more than two teams still equal, then by lottery.

### PLAYING & TEAM ORDERS

If four players have been nominated in a Squad, the Team Manager will have to omit one player for each Tie. Any player can be omitted provided the others play in the agreed order of merit. Unless the Championship Director is notified otherwise in writing at least two hours before the scheduled start time of a Tie, Team Managers shall be deemed to have selected their top three players. The CAP reserves the right to allow changes to player nominations after the deadline in exceptional circumstances.

The playing order for each day of all Stage 1 Ties will be decided prior to the commencement of the Team Championship by individual draws for each day except that the order for each day must be different. The playing order of all Stage 2 Ties will be decided prior to the commencement of these Ties by individual draws for each day except that the order for each day must be different and the #1 ranked player must play in either the first or second match of the Tie (The four possible options are 1-2-3, 1-3-2, 2-1-3 and 3-1-2). All Ties being played on a day shall use the same playing order.

The Championship Director will ensure that all Ties commence at the advertised time. All Team members must be present at the allocated court for the Tie and must be ready to play at the scheduled start time for the Tie. If any player is not in attendance, all other players must move up the order and that (or those) match(es) will be forfeited with the score being recorded as 11-0, 11-0, 11-0. Players arriving after the scheduled start time for the Tie cannot be reinstated in a team. The Team Manager has the right to appeal to the Technical Delegate in the event of force majeure.

In Stage 2 Ties, where one team has won the first two matches so that the result of the Tie has been decided, then the remaining "dead" match will be played best of three games, or may be set aside if both managers agree before the players begin the warm-up, except: a) Where Stage 2 Ties are played in round-robin Pools, when all matches in all Ties will be played best of five games; b) On the final day when any remaining "dead" matches will not be played (except in round-robin pools, when all matches in all Ties will be played best of five games).

### TEAM MANAGEMENT (REGULATION Q)

Upon arrival at the Championship, the Team Manager shall be the official and sole representative of his/her team in all matters including receiving and giving instructions, except when an individual match has started, when the Rules of the Game shall apply. At all other times the Team Manager shall act for all members of their team in receiving and giving instructions.
